Advisory on Candles: The majority of the time candles are moved without incident. However, long exposure to higher temperatures in transit and/or storage could cause candles to melt or become misshaped. Please consider this when packing and evaluating your items for transit and/or storage.

Advisory on Hoverboards: We are not authorized to transport self-balancing scooters, popularly called Hoverboards, without the removal of the lithium-ion batteries. It is the owner's responsibility to remove the batteries. If the batteries are not or cannot be removed, prior to move day, we will not be able to transport the device.
